

## BELOIT FAIR A BIG THING

Over Nine Thousand People Have Been in Attendance.

## RACES EXCELLENT

Fake Shows and Suspects Kept Off the Grounds This Year.

## EXHIBITS A SUCCESS

Beloit, Wis., Aug. 21.—The second annual Beloit fair is now on in full swing and it is a great success. The attendance for the first two days has been splendid. Tuesday, children's day, there were 5,000 youngsters present, and today the crowd numbered nearly 4,000 which is considered a fine showing for Wednesday. Thursday is Beloit day and as every place of business is to close on that day, including all of the factories, the officials of the fair have reckoned on a crowd of from 20,000 to 25,000, if the day is good.

The fair for those who fancy good races, extensive exhibits of live stock, poultry, textiles, flowers, etc., is far ahead of last year's exhibition and that was considered a great success. But this year there are more entries in all departments, more attractions of every kind, and it is appreciated mostly more because the hideous array of gamblers and fakirs who infested the fair grounds last year are conspicuous by their absence. Only one game of chance is allowed to operate and it is known as a perfectly fair wheel of fortune and is allowed to operate at every fair on the circuit which includes Beloit. Former Sheriff "Billy" Appleby is in charge of a police force which is very efficient and no disreputable characters are allowed about the grounds at all.

Wednesday's race program included a 2:15 pace, a 2:26 trot and a special ladies' single driving race. The pace was won by Prusha Girl, owned by M. D. Croft of Chicago, five heats being required to decide the event. Ira S., owned by A. K. Seaver, of Clinton, and ridden by the veteran, Joe Bassett, won second money. Patti Patchen, owned by S. Graham Field of Beloit, had a fine chance for third money, but in the last heat the tire of the sulky she was pulling came off in the home stretch and she dropped out. The claim was made by her driver of Mallard Aba ran into the sulky in passing, but the judges did not allow the claim. The best time of the day was made in the fourth heat of this race when Prusha Girl negotiated the mile in 2:17. 1-4.

The 2:26 trot was won by Henry L. owned by Mr. George Castle of Chicago. In the fourth and deciding heat Mr. Castle himself handled the ribbons on his horse and won the heat and race handsly. The best time in this race was 2:23, made in the second heat. Roxalina, Jersey Fred and Norman B. finished in the order named.

There were three entries in the ladies' single driving race: Mrs. A. Dixon, of Beloit, Nettle; Mrs. Jas. Huggart, of Beloit, with Ship, and Mrs. H. Shimeall of Shopiere with Mollie. The race furnished much amusement for the spectators. It was run in two half-mile heats and while each heat was being run the judges and timers had time to regale themselves with a feast of soda pop in another part of the grounds. In the back stretch the ladies stopped and gave a thimble party—or so it seemed to the grand stand spectators. The race was won by Mrs. Dixon's horse, Nettle. In the list of special vaudeville features for the entertainment of the patrons of the fair is a "Jap" troupe of nine performers, the Robinson sisters in an acrobatic team, Holloway in balancing and a team of educated goats. There are a dozen slideshows and museums on the grounds.

William Grimes of the town of Avon visited the fair on Wednesday and Thursday. Mr. Grimes is said to be the oldest living settler in Rock county having taken up his residence in this county in 1837, being old enough to vote at that time. When he came Beloit was not on the map. The site of the present city was then referred to as "the place where Turtle creek flows into Rock river."

Thursday's racing program includes a 2:00 trot for a purse of \$200 in which the are seven entries; a free-for-all pace for a purse of \$100 in which horses—all with marks under 2:12 are entered; and a 2:40 pace with eight entries. Friday a fine speed program is offered. The free-for-all trot will be run on this day. Newton Innus of Mendota, Ill., is the starter of the race events; H. W. Backbee of Rockford is clerk of the course and the timers are Frank Van Wart and W. D. Hall of Beloit and Fred Coons of Rockton. Large delegations are expected from Janesville and Rockford for Thursday and Friday's fair.

**Politician With Poor Memory.**  
The laugh is on Chairman Frey of the Ohio Democratic state central committee. He issued an official call for the state convention to be held at Sandusky and stated among other things that a lieutenant governor would be nominated. The Ohio Supreme Court decided some weeks ago that no such officer is to be elected this fall.—Ohio State Journal.

## SCHWAB WILL STAY AWAY FOR A YEAR

Steel Company Official Says the President is Well, But Needs a Merited Rest.

New York, Aug. 21.—(Special.)—Chas. M. Schwab, Pres. of the United States Steel corporation, reached the company's office about 11 o'clock a. m. today and spent an hour looking over his mail and in conference with other officers of the corporation. E. H. Cary, chairman of the executive committee of the United States Steel company, issued the following statement after President Schwab had left Wall street for his uptown apartments.

**At The Office.**  
"President Schwab spent considerable time in my office this morning and also in his own office and at the office of J. P. Morgan & Co. He is looking well and hearty. We are all insisting that he take a much needed rest. During the last fifteen months he has had much more responsibility than one man could assume. However, he has so systematized the business of the company that it will not suffer during his absence. He will probably sail within a day or two and will take with him the best wishes of all of his associates."

It is expected that Mr. Schwab will sail for Europe on Sunday to be gone about a year.

**Story Denied.**  
The report from Chicago that the United States Steel company had refused to sell steel rails to the Omaha and Northern railroad company was denied at the company's offices here. Chairman Cary said: "Our business is to sell steel rails to whoever is able to pay for them."

**STATE NOTES.**  
Robert Jackson, a pioneer settler, and a wealthy resident of Depece died at his home Wednesday morning.

Merritt Morse, the Racine suicide, was a member of the Royal Arcanum, and was insured in that order for \$3,000.

Ex-Governor Peck was one of the speakers at the opening day of the fair, fairmarket, and carnival at Ke-Wau-naw.

The trustee of the bankrupt H. G. Andrea company of New London declared a ten per cent dividend for the creditors.

Edward Lykes, editor of the Cambridge, Ohio, Sun, has been negotiating for the purchase of the Kenosha Daily Gazette.

William Carter, the negro, who assaulted Anna Zimmerman of the town of Dane, was sentenced to five years of hard labor.

The Edward Hines Lumber company incorporated to act in the state of Illinois has applied for a license to operate in this state.

Rev. E. A. Barndt, formerly rector of the Episcopal church at Lake Forest has accepted a call to Christ church at Delavan.

At the SSheboygan dairy call board Wednesday, there was a drop between an eighth and a quarter of a cent in cheese quotations.

A valuable black horse belonging to the Appleton Cold Storage and Packing Company was killed accidentally by straining in a hay rack.

While working in a 150 foot well near Cumberland J. R. Kelley of Barretonette was struck by a falling coupling and instantly killed.

Bryant O'Reilly of Wausau, aged 28 years, while mentally deranged, committed suicide at Amber by swallowing a quantity of strychnine.

Martin Rieschl, Jr., of Stevens Point fell twenty feet from a railway bridge and crushed one arm so badly that amputation was found to be necessary.

Property owners on Cherry street, Green Bay, which is to be paved with asphalt will attempt to get out an injunction against the use of that material.

Two Kenosha boys were arrested because they allowed their spite against Dr. Dowle to drive them to throwing stones at the windows of the "Zion City Train."

President L. E. Ayan of the Waukesha Board of Education, in an address that attracted a great deal of attention advocated the organization of a teachers' trust.

## HON. COOPER IS IN JANESVILLE

Wisconsin Congressman Refuses To Talk on State Politics.

## HERE ON BUSINESS

He Wishes to Become Informed on Tobacco Conditions.

## GOES WITH EXPERTS

At twelve o'clock this noon a party started out from this city to look over the tobacco lands of this section of the country and take samples of the earth, with a view toward ascertaining whether a more extensive development of this part of the state for tobacco raising should be considered. Among the party were Prof. Whitney of the interior department of the bureau of soil; Congressman H. A. Cooper, Dr. A. J. Bonesteel, and his assistant, Mr. Tallyer.

**Whitney Here.**  
Professor Whitney arrived in the city last night, and expected to start out early this morning but Congressman Cooper did not arrive until ten o'clock this morning and it was deemed advisable to wait until after lunch before starting out. Congressman Cooper had given an address at an old settlers' picnic at Monroe yesterday, and arrived late this morning, walking up from the depot because of the number of ladies who wished to take the hotel omnibus.

**Cooper Arrives.**  
Cooper stated that his purpose was to gain a more intimate knowledge of the conditions throughout the tobacco area in order that he might be prepared to speak from personal acquaintance in the debates in the legislature that is expected to come up at Washington this fall in regard to tobacco. He made no comment whatever on the political situation.

W. H. Cooley, a government expert from Connecticut, was another of the party this afternoon, who has made a special study of the methods of harvesting and curing tobacco, and his investigations will deal more particularly with that phase of the subject.

**Survey Made.**  
Under Dr. Bonesteel's direction a survey has been made since the first of July of the whole district between Beloit and this city covering an area of about 223 square miles, and it is expected to cover another similar area before snow falls. The survey will extend from this region up towards Edgerton and Stoughton. The route to be taken this afternoon is going up the river toward the county house and then crossing over the four-mile-bridge, and down on the other side of the river.

**Cooper Won't Talk.**  
When asked as to the political situation in the state, Mr. Cooper refused to talk and said that he would not be interviewed that the voters of the first district must know how he stood. He was here to gain better knowledge of the whole of the tobacco growing country that comprises his district in congress.

## CHANGES COMMANDS IN PHILIPPINES

General George Davis May Soon Be Succeeded by General Bates.

Washington, D. C., Aug. 21.—(Special.)—According to Manila papers received at the war department today, a report was current there that General George W. Davis would succeed General Chaffee in command of the division and that General Davis would not serve very long, but after a few months would return to the United States and would be succeeded by General Bates, who is now in command of the department of the Missouri. It is stated that his excellent knowledge of the Moros and his acquaintance with many of the leading sultans and dattos would be of great value if the campaign against the Moros should continue any length of time.

The same paper gives an account of the ravages of smallpox at Apari, northern Luzon, and reports that out of 1,700 cases eleven deaths have occurred. The ravages did not extend to the troops stationed in that vicinity.

## OLEO MANUFACTURERS SEEKING TO EVADE TAX

Told That "Burned" Oils Used in Making Butterine Will Subject It to Penalty.

Washington, Aug. 21.—The oleomargarine agitation goes on in the office of Commissioner of Internal Revenue Yerkes. Letters have been received from one manufacturer inquiring whether he might, without subjecting oleomargarine to the full tax of 10 cents a pound, use what he calls "burned" oleo oil and "burned" cotton seed oil in its manufacture. He explained that pure oleo oil and pure cotton seed oil, when it is subjected to a high degree of heat, becomes brown, and gives the oleo in which it is used a shade of yellow.

## MANY KILLED IN DELAWARE MILL

Explosion Causes Horrible Death of Thirteen Employees.

## OTHERS MISSING

Boiling Acid Covers the Victims, Killing Them Instantly.

## SCENE OF MOURNING

Wilmington, Aug. 21.—Up to noon today thirteen men are known to be dead as the result of an explosion on the Delaware Pulp Works yesterday afternoon. Dozens of others are missing and many of the bodies have been recovered.

**Many in Mills.**  
At the time of the explosion there were one hundred and fifty men employed in the mills. The seething acid from the vats covered many of them killing them instantly. The bodies thus far recovered are horribly mangled. The police and firemen worked all night in the mills and the scene this morning is a most distressing one.

**Remain On Scene.**  
Many women and children are remaining on the scene for hours at a time calling for their lost ones. It is now thought that many more than were first reported are dead.

**Blown Into River.**  
It is believed that a large number of the unfortunates were blown into the Christina river. The cause of the explosion is as yet unknown. Five buildings were wrecked and the entire loss is estimated at \$40,000.

## WOMEN CAN NOW HAVE SUFFRAGE

Madison, Wis., Aug. 21.—If universal suffrage is ever extended to the women of Wisconsin, Attorney General Hicks can have any office that he wants, and the members of the last legislature who voted for the passage of bill No. 146 S., introduced by Senator Mills of Superior, will have the assistance of the women when they are looking for office again, whether they favor primary elections and reform in taxation or not, and irrespective as to whom they favor for the United States senator.

The attorney general decides that women have the right to vote this fall for state superintendent of public instruction, and for county superintendents, being given this right by the law cited above, was enacted into law, amendatory of the prior indefinite law on the same subject. The legislature in 1885 passed a law giving women the right to vote at elections pertaining to school matters, and the people approved the law at the general election in 1886. This law, however, failed to make provision for the manner in which the ladies should cast their ballots, and the supreme court held this to be a fatal defect. The last legislature supplied the omission, and a move has been quietly on foot to bring out the vote of the women for state superintendent this fall. In order to be prepared Secretary of State Froelich, who is in charge of the clerical work of the election, called on Attorney General Hicks for an opinion as to the right of women to vote. The attorney general responds as follows:

**The Opinion.**  
"Chapter 285, laws of 1901, passed as an amendment to section 428A, R. S. 1898, provides among other things that:

"Separate ballot boxes shall be furnished at every election precinct in this state and every primary, general, municipal or special election for the use of women desiring to vote on said school matters, and separate ballots shall also be provided for the use of said women."

"Prior to the passage of the amendment of 1901 our supreme court had considered section 428A, R. S., which gives to women the right to vote at any election pertaining to school matters, in Brown vs. Phillips, 71 Wis. 239, and Gilkey vs. McKinley, 75 Wis. 543. In the first case the constitutionality of this statute, section 428A, was upheld; in the last case the question of whether the right given to women to vote at elections pertaining to school matters included the right to vote for any school officer chosen at a general election was discussed but not determined. However, the court held that no means having been provided by law by which women could vote, for school officers only, at elections where other officers were to be chosen, their right to vote, if it existed under section 428A, could not be exercised without further legislation. The amendment of 1901 was clearly intended by the legislature to supply the deficiency in one statute noted in the case above referred to, and in my opinion does supply the deficiency and provides a proper method by which women may exercise the right to vote on school matters at any election."

For the reason stated I am of the opinion that women have the right to vote for state and county superintendent of schools at the next general election, and that under chapter 285, laws of 1901, separate ballot boxes should be furnished at every election precinct for the use of women desiring to vote on school matters, and that separate ballots should also be provided for the use of said women."

## LAWYER ESCAPES AWKWARD POSITION

Judge Lacombe Decides That Power's Attorney Is Not Guilty of Contempt.

New York, Aug. 21.—(Special.)—George Alfred Lamb, lawyer for Peter Power, scored a trick today in the game of legal tactics which he and W. D. Guthrie, counsel for the Northern Pacific are playing, by "winning out" on the motion to suspend or otherwise admonish him for unprofessional conduct in the Power case.

**Court Order.**  
Judge Lacombe, who signed the order committing Power to the Ludlow street jail, asked whether Lamb had been admitted to practice in the United States Circuit court here. The court then declared that there was no jurisdiction over him. Lawyer Cady remarked that Lamb was the attorney of record in the Power suit in the United States court in Minnesota.

Judge Lacombe then said: "I am aware that Mr. Lamb has not appeared in any way in this court except on the motion for Powers appointment, and therefore he has been guilty of no contempt to this court. Everything that has transpired here has been under the authority and the jurisdiction of the Minnesota courts, and they must determine what proceedings should be taken. As far as this court is concerned, the matter has terminated."

**Release Power.**  
Lamb was congratulated by his friends on his escape from an unpleasant situation. Judge Lacombe signed an order permitting the temporary release of Power from jail so that he may be examined tomorrow.

## SPARKS FROM THE WIRES.

Martial law will be suspended in Cape Colony and Civil rule established.

Mrs. Patrick Campbell and Nanky-Panky-Poo have reached New York on the Oceanic.

Count Henri de la Vaux will make a second attempt to cross the Mediterranean on September 13.

Hundreds of British subjects paid six cents each to view Lady Raglan dressed in her coronation robes.

Orders for over \$20,000,000 worth of new cars have been received by the Pressed Steel Car Co. of New York.

Justice Gibbons complimented the Chicago Union Traction company on its efforts to abate the smoke nuisance.

\$282,450 were added to Marshall Field's holdings by the Chicago board of review, bringing the total to \$1,320,000.

In church circles in Rome it has been believed that Bishop Quigley of Buffalo will succeed Archbishop Fehman of Chicago.

Joint mobilization of the regular troops and militia at Fort Riley, Kan., in September, may be reviewed by President Roosevelt.

Counselman, together with Thompson and Claffy were held by the Chicago coroner's jury to answer for the murder of Minnie Mitchell.

Panama feared an attack from the rebels who were cruising near the captured ghaibot Boyaca, and who it was feared, had taken the Cartagena.

Henry Watterson has renewed his attack on Grover Cleveland, characterizing him as an artful, selfish, ignorant and vulgar professional politician.

Dr. Chauncey Forward, president of the Forward Reduction company, of Cleveland, assigned, owing nearly a half-million dollars to many creditors.

Reports from Manila say that General George W. Davis will succeed General Chaffee, and that he will in turn be succeeded by General Bates.

School trustees of Chicago will meet to determine upon some preventative of the return of a typhoid fever epidemic when the schools re-open.

Robbers tried to hold up a section gang near Whiting, Indiana, and had robbed six when the seventh resisted and the robbers were beaten off.

Chicago police pensions have been cut 20 per cent and the heaviest loss has been felt by the widows and orphans whose allowances are small.

United board directors will meet tonight for a decision as to accepting outstanding American Strawboard shares on the same basis as Boxboard shares.

## DO NOT BELIEVE IN OLIVE BRANCH

Administration Friendship for Spooner is Viewed with Suspicion.

## THINK IT A CLOAK

Far Deeper Scheme Is Fигured as Back of the Move.

## IS USED AS A CLUB

(Special A. D. Dispatch).  
Milwaukee, Wis., Aug. 21.—Talk is rife throughout the state over the action of the executive machine in their attempt to null all opposition to the return of Senator Spooner to the United States senate by the declaration that they will bow to the will of the people in this matter. Wise politicians who claim to know just what will be the result of such a move say that it is merely a blind on the part of the administration to secure a firmer hold on the next legislature and that it behooves all of Spooner's friends to watch out.

**Do Not Believe Story.**  
They do not believe the story and many claim that the move is one that is deep laid and has the real defeat of the senator back of it while on the face it would appear that they are favoring his re-election. The appointment of James Conklin as warden of the state prison is said to be a part of the plot to oust Spooner for once and for all. The wits call it the appointment of the "Board Under Control."

**The Plan.**  
The plan of the administration, according to those who give no credence to the professed honesty of the administration statement, is as follows: First, to throw the Spooner people throughout the state off their guard and secure the nomination of men for members of the legislature who will be under the absolute control of Governor LaFollette, regardless of any "unconditional" instructions. Second, to insist that a primary election bill and tax equalization bill be enacted into laws before the election of a United States senator to succeed Senator Spooner takes place. Third, if the administration fails to get exactly what it wants in the way of "reform" legislation to take the ground that members of the legislature pledged to the support of Senator Spooner through the action of the legislative caucus are absolved from their allegiance. Fourth, if the administration does get what it wants in the way of legislation to find some other way to get rid of Senator Spooner.

**The Constitution.**  
The constitution provides that after a certain day the legislature shall take one vote every day for United States senator, a majority of the members of the legislature being necessary to a choice. It will be seen, therefore, that if enough Republican members refused to vote every day the election of senator could be held off indefinitely.

**Used As A Club.**  
There are eleven hold-over republicans senators who are generally understood, to be opposed to the enactment of a bill into a law approximating the Stevens primary election bill, and it is said that this plan of holding up the election of a senator is to be held as a club over their heads.

## GOVERNMENT IS AFTER THE BANKS

Order Issued by the Treasury Department as to Bank Reports.

Washington, D. C., Aug. 21.—(Special.)—Commissioner Yerkes of the internal revenue bureau has directed collectors to report the names of banks which have not made complete amended returns for the year ended June 30, 1902. Dec. 31, 1901, the commissioner ruled that bankers were required to return for taxation all moneys used by them in carrying on their business, including capital, surplus and undivided profits, under this ruling a large number of banks which had already made their returns for the year filed amended returns and additional assessments were made against them. In some instances these assessments were paid, but in a large majority of cases the returns were made under protest and claims for abatement were filed. The ruling having been made sustaining by the courts the bureau will reject claims for abatement, and collectors will be instructed to collect the taxes as assessed.

## BELOIT BOY DROPS DEAD AT FAIR

Had a Hemorrhage During the excitement of the Day—A Sad Scene.

(Special To The Gazette).  
Beloit, Wis., Aug. 21.—Elmer Hoff, a young man 19 years of age, residing on 6th street, was taken with hemorrhages while attending the fair this morning and expired in a short time. The deceased has been sick with consumption for the last year and has been taken care of by the Woman's Relief Corps. His mother is dead, but his father is living. The attendance at the fair today is about 10,000.

## CITY COUNCIL HOLDS SESSION

ADJOURNED MONDAY MEETING  
HELD YESTERDAY.

### DISCUSS STREET CONDITIONS

All the Aldermen Present, and Many  
Committees Make Important  
Reports.

An adjourned meeting of the common council was held this afternoon at two o'clock in the council chamber. Mayor Richardson presided and a full board of aldermen were present. On motion of Alderman Hutchinson the reading of the minutes were dispensed with.

The report of Chief Hogan that John Brown had returned to work on the police force July 1 was accepted and placed on file.

The application of the American Telephone company for a franchise was referred to the highway committee who asked for further time to consider it.

The report of Chief Hogan that John commissioner on new sidewalks built was referred to the highway committee and later adopted.

The report of the City Engineer on the widening of Lincoln avenue to 50 feet was referred to the highway committee and later adopted.

The amendments to the specification set forth for the improvement of Hamson street were adopted.

The plans and specifications for the improvement of Wall, Hamson, North High, and Marlon were adopted.

The report of the street assessment committee on the same streets and the assessments of benefits and damages were adopted.

The report of the street assessment committee on the improvement of South Jackson and Court streets, the amount due the contractors and the assessment of benefits and damages were adopted.

The finance committee reported favorable in a batch of bills and the same were ordered paid.

The Mayor and the City Clerk were instructed to sign the tax warrant for the collection of the 1-12 taxes.

The Mayor was instructed to borrow \$1500 and place it to the credit of the bridge fund.

The City Clerk was ordered to publish notice of widening of Linden avenue, which will be taken up at the meeting of the council September 15.

City Clerk instructed to publish notice of issuing bond for the improvement of several streets.

Ald. McLean wished to know what had been done about trimming shade trees. The street commissioner said that he had received no notice and had done nothing.

The street commissioner was instructed to macadamize the intersection of East Milwaukee and East streets and charge it to the Second and Third ward fund.

The city engineer was ordered to establish a sidewalk grade on the north side of Court street between Division and Wisconsin streets.

The protest of W. H. H. Maclean against the improvement of Wall street in front of his property was referred to the highway committee and later accepted and placed on file.

The highway committee reported that the 100 feet of right of way on North Franklin street belonging to the Chicago, Milwaukee & St. Paul road was not assessable, and that the amount of the assessment be charged to the ward fund.

The report of the street assessment committee assessing benefits and damages on North Franklin street was adopted as were specifications.

On motion the council adjourned.

### A CASE OF RHEUMATISM AND INSANITY.

Malden lady, age 38. Has been a sufferer from rheumatism and kindred diseases for thirteen years, during which time had tried nearly all forms of treatment with little or no benefit. She was greatly discouraged and depressed, and became mentally deranged about ten years since, at which time the menases also ceased.

Her case was pronounced hopeless, and she was taken to an asylum where she remained six months growing worse rather than better.

On my first visit I found the patient greatly excited and hallucinations, the one idea paramount being that the noises in her head were hurting those about her and it was better for her to be alone. She strongly objected to being treated and for some days it was found necessary to use tact and persuasion.

Found great muscular contraction and congestion, joints somewhat stiffened, feet and ankles swollen, fingers deformed, tenderness over kidneys, low feeble pulse, temperature below normal, tongue much coated, would eat but little, restless and sleepless during the night.

The family was very desirous of trying Osteopathy as a last resort. The case certainly seemed a serious one, offering little hope.

Thorough general treatment was given with special work in the lumbar and sacral regions.

At the end of the first month all conditions were greatly improved. After the second the menases were re-established and the mind so nearly normal that ultimate recovery seemed certain.

Today she is apparently a well woman aside from the rheumatic trouble which has been greatly improved. Her mind is fully restored. A very happy and grateful patient and family. JOSEPH A. PARKER, D. O. 825 Sutter street, San Francisco, Cal.

C. W. Bliss, D. O., Hayes Block, Janesville, Wis.

**SPLENDID MUSIC.**

By One of The Oldest Military Bands.

Under the direction of Mr. William N. Merrick for twenty-six consecutive years the superb military band of the Sells Brothers Show has attained a distinction quite unique among such organizations. When the Sells Brothers Show was consolidated with the Adam Forepaugh

Show the band was augmented by several of the best musicians of the Forepaugh band. This makes the largest musical organization ever carried with a tented exhibition. Their long training under the skillful baton of Director Merrick has brought their precision down to mechanical accuracy and their expression a correct reflex of the director's feeling and interpretation of the composer's ideas. It gives a series of promenade concerts for an hour before each performance in the arena that may be perfectly heard in all parts of the menagerie as well as in the arena, which makes the time spent at these shows pass pleasantly and profitably. This magnificent military band may be heard when these great shows exhibit here on Thursday, Sept. 4.

### ANIMAL TRAINER BADLY INJURED

HAPPENED LAST WEEK, THOUGH

Panther Tears the Man's Side Open,  
But Still He Does Not  
Give In.

At each performance of Bostock's wild animal show a chorus of ohs and ahs and smothered shrieks goes up from the feminine portion of the audience as the wild beasts snarl and growl, cowering under the trainer's lash. At each performance there are many who debate among themselves what the actual danger is when Senor Arnaldo's panthers and leopards refuse to do his bidding instantly, but follow his command only reluctantly and sulkily when they no longer dare disobey him.

Badly Hurt

There are, however, few who would guess from the demeanor of the nonchalant, smiling young man that he is nursing under his military coat a gash in his breast three inches long and nearly as deep. Last week at Tiffin, Ohio, one of his panthers, the one that makes the long leap on the side of the cage, jumped at his trainer and the ugly tear in the young man's flesh, only a few inches from his heart, was the result.

Senor Arnaldo met with another accident at Tiffin last week, when one member of his troupe of wild beasts, a puma which assisted in the teetering board act by walking from one end to the other, was taken sick and died. Now Arnaldo is obliged to take his foot to raise and lower the two ends of the board, but he has a South African leopard which he received last Saturday, shipped from London, which he is each morning giving lessons to teach it to take the place of the puma which he lost last week.

Hard At Work

Senor Arnaldo said he could not tell how long it would be before this latest acquisition would be capable of appearing in public. He said, "The leopard is one of the most treacherous animals to train. It may be two weeks before I can use him and it may be two months."

In speaking of the apparent ugliness which one of the leopards has been showing daily he said, "That is nothing. I have such things happen every day and I do not think any thing of it. The panther is the one that is acting mean, and he may try to hurt me again. A little more to one side and a little deeper and it would have been all off last week."

## GOOD BASE BALL GOES A-BEGGING

ATHLETIC PARK NOT WELL PATRONIZED.

### CLINTONS PLAY GREAT GAME

Yesterday Made the Twelfth Straight  
Time in Which They Were  
Victorious.

That Janesville does not appreciate good base ball was showed clearly by the audience which attended the game Wednesday afternoon at athletic park between the Clinton Maroons and the Janesville semi-professionals. While the game was not up to that of the day before it was a good game. Tuesday's game was an exceptionally good game while yesterday's was merely very good. Up to the sixth inning both teams were playing even, fast ball, and then came the fatal round when Clinton began to find the sphere and made several hits. After that one inning both aggregations settled down to a steady, gritty fight but Janesville had already been hopelessly snowed under.

A Clear Record.

Up to this time the Clinton men have played twelve games under the guidance of their jovial manager, Herman Kath, and among them all there has not been a defeat. They are now so sure of Milton Junction on next Saturday that they consider it a useless technicality to go up to the village to play the game. The only objection they have to make, in their entire lineup is Captain Massey's habit of coaching the umpire, so one of these jokingly remarked: Sensational Fielding.

Mill's fielding has been a feature of both days' games. Twice the husky little felder from Beloit ate up some hot fires that looked safe for at least two bags, and gave Janesville blanks for those innings.

Broughton also did some grand stand work in a two bagger that brought in two runs. Throughout the lineup the local men did good work until the sixth inning when the infield, and in fact the whole team, fell down so flat that Clinton was given an easy opportunity to walk over them.

BELOIT FAVORS  
A STREET FAIR

Sets Date for Holding the Same  
from September 22 to 27—  
Preparations Being Made.

Final arrangements have been made with the manager of the street fair company, committees have been appointed, and all plans will now be rapidly perfected for the fair which will be held in the streets of Beloit on September 22 to 27. The aggregation which will show in the line city on those dates will be that of Col. Flak, and he has assured the Beloit citizens' committee that every attraction is clean and wholesome. Very little more than this has been done, but residents of Beloit are loud spoken in their assertion that the fair will surpass any similar attempt that has ever been made in this part of the state.

Death of Centenarian.

Lexington, Ind., Aug. 21.—Jacob Spawr, one of the best known residents of central Illinois, died, aged 100 years. He had lived in this vicinity since 1826, coming with the first settlers from West Moreland county, Pennsylvania.

Kaiser Will Visit King.

London, Aug. 21.—It is reported from Windsor palace that Emperor William of Germany has accepted King Edward's invitation to visit him at Sandringham some time in November.

Government Investigations of Pollution in Streams.

At the beginning of the present season the Division of Hydrography of the United States Geological Survey instituted a branch of research which is not only expected to be of great value to municipalities and numerous industries dependent on the purity of their water supply, but also to exert a beneficial influence upon the health of the general public. The investigation aims to discover the existing conditions of all the important supply streams of the United States by chemical and bacteriological examinations of their waters, and also by measurements of their turbidity and color. The Division of Hydrography has for a number of years been collecting information regarding the volume of flow of the country's streams, as a basis for municipal supply, water-power, irrigation, and other uses, but tests for quality and condition have not before been made, except by a few cities which hold an advanced position in matters of public hygiene.

The facts desired, besides turbidity and color, in the present research are, the odor, the amount of nitrogen as albuminoid ammonia, nitrates and nitrites, the amount of chlorine, the total residue, the alkalinity, the normal hardness (or inverting constituents), the amount of bacteria per cubic centimeter. For some localities and some special work the amount of iron will be determined, and, when conditions appear necessary, examinations will be made for microscopic organisms.

In order to secure results from as many localities as possible, supplemental assistance is being rendered by many individuals and organizations, and details are worked out through examinations made in local laboratories. To secure uniformity in these results and bring them together for comparison and study, the Geological Survey has issued a circular outlining in some detail methods of procedure to be followed by all cooperating workers. The methods recommended for the chemical and bacteriological examinations are those adopted by the committee of the Public Health Association. For uniformity in the measurement of color and turbidity a second circular has been issued, defining standards of measurements which have been adopted by the Geological Survey in cooperation with eminent hydrographic engineers, and also describing methods of procedure. The determination of turbidity is to be made by what is known as the United States Geological Survey turbidity rod of 1902, an apparatus combining the best features of the "platinum wire" and the "silica" standards; and for convenience of field work, tests of color will be made by comparing samples of water in platinum tubes fitted with glass ends with colored disks of glass rated to correspond with the usual platinum-cobalt standard.

The work is in the hands of Mr. O. Leighton, who is at present engaged in an investigation of the rivers of the central western States.

FEAR YOUNG BRIDE IS DEAD

Indiana Friends of Denver Woman  
Fall to Find Her in Manila.

La Porte, Ind., Aug. 21.—The failure to receive a reply to cablegrams sent to Manila making inquiry regarding Mrs. Zumstede, formerly Miss Jeanette Williams of Denver, Col., who was married to Professor Rudolph Zumstede five hours before he died of cholera, leads to the belief that the young bride has fallen a victim to the same disease. The authorities at Manila will be requested to make a full investigation.

START MOVE FOR GOOD ROADS

Kenosha and Racine After a Macadamized Connecting Way.

Kenosha, Wis., Aug. 21.—A movement has been started here to build a macadamized road between this city and Racine. Clarence Snyder of Racine is getting signatures to the petition. It is estimated the road can be built for \$16,000. Mr. Snyder suggests that the cost be divided equally between the two counties or else that the road be built by private capital and each county keep its portion in repair. The road between Kenosha and Racine has been called by chauffeurs the worst between Calengo and Milwaukee. With the completion of the projected improvement there will be twelve miles of paved roadway, with a city at each end.

HOTEL PLANNED  
FOR LINE CITY.

A \$100,000 Structure To Be Built  
and Capitalist Is Investing.

Beloit believes that she at last has spotted her man to build an up-to-date hotel for her, and more than that, it will have combined with it a model opera house, the whole structure to cost \$100,000. In one of the Chicago Sunday papers an advertisement was inserted telling of the offer which the directors of the new hotel held open to any one who would be willing to make an investment, using the amount to erect both a hotel and a theater in one building.

Mr. Gaunt will go to Beloit at an early date, and the directors will doubtless do all in their power to induce him to take up their offer, for it is growing more evident every day that the city must have a hotel or give up its claim to municipal pride. Mr. Gaunt and at first contemplated making the same investment in Fort Wayne, Indiana, but he seems to have great respect for Beloit as a city and it seems probable that he will locate there. In the meantime the site on the corner of School and Pleasant streets on the old Dr. Johnson property is rapidly being cleared to make way for the new building whenever the plan or the man has been secured which will lead to the erection of the hotel.

THE CARNIVAL.

Janesville has a carnival or more correctly speaking the carnival has Janesville. In so much as this is Janesville's first offense in this matter many of the deficiencies should be overlooked. Next time the promoters will know better and the whole affair will be managed with half the fuss and worry the present one has been. But considering all things it has been a pretty fair show all the way through. The attractions themselves are clean and far above the fake order. Thus far the police have had no serious trouble and the drunks have been a scarcity on the streets. Fun and merriment have reigned thus far and except for a few minor details the whole affair has been run off in a ship-shape style. The west side is thus far the center attraction and while residents of the east side were indignant at first over the placing of all the shows across the river they now feel that they have their fill and are content.

Chief Hogan's order that confetti should not be thrown is a wise one. Now he should pass that the throwing of the little rubber ball should be stopped and then the two greatest annoyances of the street fair would be done away with. Those innocent little rubber balls are a dangerous weapon and before the carnival is over the people will find it out. After two or three eyes have been injured then will come repentance all too late. Stop it now and avoid trouble afterwards.

During the evenings of the carnival the streets, that is Milwaukee and Main should be kept clear of all carriage traffic. The sidewalks become so crowded that walking in the streets become a necessity and with the careless drivers and the scurry horses the lives of pedestrians are in danger. If Janesville is giving itself up to the carnival why does it not do so all at once and not delay matters.

The action of the Wisconsin Pharmaceutical Society in passing an order for the reinstatement of E. B. Helmstreet for a member of the state board acted as a direct slap at the governor. But Mr. Helmstreet would not allow it and the matter was dropped.

The ninth senatorial contest bids fair to be a warm one. Thus far two adjournments have been taken and five hundred ballots and now they are going to meet again in Superior the 27th of this month for the last session.

Matrons of households should bear in mind the warning that because thus far there have been no robberies reported is no sign there will be none. The followers of shows like these carnivals are bad ones who live by their wits and slippery fingers.

It is amusing to note the change in attitude of newspapers throughout the state since the state convention. The editorial page before and after taking shows wonderful results of the Spooner plank and it is not all favorable to the executive faction either.

Dane county cannot be counted upon by Rose shouters in Milwaukee as anything but a stumbling stone in their path. In fact the word stumbling stone is not well used, a boulder of gigantic size would better express the Jones sentiment that prevades the whole county.

Poor Kitchener is having as bad a time as Lieutenant Hobson in the fact that girls are reported to be engaged to him. Kitchener is too much of a fighter to be a good lover and then too he has not Hobson's manner of kissing every pretty girl he meets.

The funniest show of the whole carnival is the Elks' jail and court. The Elks are no respecter of persons and rich and poor all are meat for the ready justice that deals out fines

with impartial justice to all who are caught.

"Hell Roaring" Jake Smith is much more tame a man and a better citizen than one would suppose from the accounts of his burn kill order. He knows his duty and is keeping quiet.

Kipling has evolved a novel plan to save the English soldier of the future. He would have more amateur shooting clubs and even school boys should be taught the use of a rifle. The plan makes military men smile and third civilians tremble.

If it is necessary to have some one killed by automobiles why then is it not best to have the owners and the careless drivers be the ones that suffer rather than the innocent pedestrian?

Now comes the word that Australia uses more American printed books than it does those from Bonny England. Why we wonder? Because they are better, brighter and more pleasing to a nation that is progressive.

Throughout the state open administration has been expressed over ex-Governor Hoard's attitude in the Spooner move. Well he deserves it.

Morgan said that he would not have his picture taken for publication for five million dollars. Why some men pay the papers for publishing them.

Still William Bartholin eludes the Chicago police, he is as slippery as an eel and yet every day they have some fresh clue that they try only to find it is no good.

Think of it Chairman Griggs of the democratic congressional committee states that the democrats will carry districts in Maine.

What if Morgan tried to cabbage all the breweries in Milwaukee. Oh, such a thought is awful just before the "Jahrmakel" too.

Atlantic City has a new fad. The telling of fortunes by reading the lines of the victim's bare feet. Nice, is it not?

Chairman Hancock reports that the coming congress will have republican congressmen from Texas and Georgia.

Beloit is having a county fair that bids fair to eclipse any fair ever held in this section of the country.

The Peck and Rose gubernatorial booms are receiving a puncture from the growing Jones sentiment.

PRESS COMMENT.

Atlanta Constitution: Pension Commissioner Ware is out of danger. He reports an increase of 10,000 pensioners.

Duluth News-Tribune: Mrs. Clarence Mackay is just now being exploited as an elegant faddist. She has made babies fashionable in the smart set.

Chicago Record-Herald: The Washington Post says the Hon. Tim Woodruff has his eye on a seat in the United States senate. We would advise the Hon. Tim to remove his eye at once or Mr. Platt will be sitting on it.

Washington Post: We presume the ever watchful editors will proceed to perceive signs of imperialism in the fact that Secretary Hay has decided to call his new apartment house "Stoneleigh Court."

Philadelphia Ledger: Henry Waterson in refusing to run for governor of Kentucky said he "was too old to turn rascal." There is no age limit in this state.

Chicago News: This flurry over in Europe may be explained by the fact that the crown prince had never seen any Milwaukee girls. He ought to consult his Uncle Henry.

Madison Journal: Congressman Davidson may have been slow in getting the Oshkosh postmaster's post, but even his enemies must concede that there is nothing slow about him when it comes to securing a re-nomination.

Cincinnati Enquirer: Some of our contemporaries seem to think it is funny to pull out the name of Adlai E. Stevenson occasionally and put it on exhibition. Well, when Adlai was in office he was a gentleman and a democrat, and he is still.

New York Tribune: Some German economists are urging their fellow countrymen to invest capital in the United States. Well and good. But the investors should come over here and look after their investments and settle down with us. We want more thrifty Teutons to become American citizens. They will be a highly valuable element in our prosperity.

Chicago Record-Herald: It has been found that at Columbus, O., a man whose salary has been \$7.50 a week has been reading a double life. That man is wasting his time. He should turn his financial talent to some account. A man who can lead a double life on \$7.50 a week ought to be able to give even Russell Sage pointers on the handling of money.

La Crosse Republican and Leader: The nomination of Mr. Ray by the assembly convention next Wednesday is a foregone conclusion. The republicans of La Crosse have done themselves proud in this matter. Mr. Ray has made a reputation for being a fair

and capable man during his past service in the assembly. He was honored by being elected speaker and served in that capacity with great credit. He will be a representative of all the people and his election seems to be assured.

Editor Tom Cunningham of the Chippewa Falls Independent still hangs to Bryan and free silver. The Independent says: Those who hope to dodge Bryan at the next presidential convention reckon without their host. Bryan will be there and Bryan will be our standard bearer, and will lead us to victory unless there is a great change under republican rule.

New London Press: Everything looks favorable to a prosperous fall and winter for the merchants and business men of this city as well as the farmers in the vicinity; the crops are exceptionally fine and nearly all in a safe condition. It is almost impossible to find an idle man, in fact there are none except for mischief, there always being a certain class who would not work anyway.

Minneapolis Times: The most unfortunate feature of the republican fight in Wisconsin is its threatened invasion of the field of university government. The charge that, for political reasons, the regents are about to appoint Professor Charles Richard Van Hise as successor to President Adams may be true or false, but let us hope the accusation is unfounded, for any attempt to drag the university into politics is to be deplored.

Appleton Crescent: Let us give credit to General Smith—he of the ferocious sobriquet—for acting like a man and a soldier in this country whatever he may have done in the Philippines, says the Chicago Chronicle. Of all the warriors who have landed from Manila recently he is the only one who has not burst forth in a foaming tide of promiscuous eloquence. He accepts the punishment awarded him in silence, as becomes an officer under the displeasure of his superiors. Evidently there are worse soldiers than "Hell-Roaring Jake."

Fond du Lac Commonwealth: It is to the credit of Wisconsin, and especially to the people of Dane county, that they were content to let the law take its course in the case of the negro criminal, which reports stated were in danger of being lynched. The commission of one crime, no matter how heinous it may be in character, is no warrant for the commission of another. It is well that Wisconsin should set her sister states an example of the wisdom of turning criminals over to the officers of the law, rather than to the blind fury of a mob.

Beloit Free Press: The great strength of the republican party of Wisconsin and of the country lies with those who earn their bread by the sweat of their brow. The republican party is, in very fact, the working man's party, and none know this so well as the working men themselves. Whenever the republican party has controlled the affairs of the nation, working men have prospered. Whenever it has retired from that control working men have suffered. The Free Press, despite all the abuse of walking delegates, socialists and democrats, will continue to labor for the best interests of all the working men of the country through the republican party.

La Crosse Press: The action of the Dane county democrats will go far toward the disposing of the candidacy of Mayor Rose for the democratic nomination for the governorship. Not only did they instruct their delegates for Burr W. Jones with the understanding that, if he cannot be nominated, they are to support the next available candidate from the country, but they sent to the Milwaukee convention as their representatives a number of their brainiest and most influential men in the state. Headed by William F. Vilas, George W. Bird, Storm Bull, W. H. Rogers and John A. Aylward the Dane county delegation of twenty five will wield as much actual power in the state convention as the Milwaukee delegation of 1902.

Hurley Republican: The republicans of Wisconsin should remember that while Spooner may not be directly interested in everything that pertains exclusively to state politics, nevertheless as a republican of natural prominence he occupies almost

an exclusive place in the ranks of the men who have much to do with making the policies of the party. In the exercise of his functions and duties, matters of state politics do not come within the scope of his official attention. If he occupied a purely administrative or legislative position, no doubt Senator Spooner would be heard on the questions which are of interest to the people of Wisconsin. Since he went to the senate he has been one of the active agents of republicanism and will continue to be such as long as he represents Wisconsin.

YOUR WANTS

Can Be Made Known Through The Gazette  
Want Column, 3 Lines 3 Times for 25c.

The following letters await owners in the Gazette counting room: "A. B.," "S.," "W. B.," "C. I.," "J. W.," "C. H.," "L.," "J. C.," "W. H.," "D."

## FLORAL PARADE WAS BEAUTIFUL

A PROCESSION OF HANDSOME RIGS AND LOVELY WOMEN.

### MISS BOWEN WAS THE QUEEN

Dr. Palmer's Automobile Wins the First Prize, and Miss Schicker the Second.

Janesville's first floral parade was a much handsomer affair than had been expected by the general public and was by far the prettiest feature of the Elks' carnival.

Headed by Chief of Police John W. Hogan, Marshal C. K. Mittemore and the Monroe military band, it moved through the business part of the city this morning, between closely packed lines of delighted people who applauded every turn out.

The entries were all artistic in design, the driving in most instances being done by ladies. The carriages and horses were elaborately decorated and the majority of the ladies were gowned in white.

**Carnival Queen**  
The first carriage was the Elks' coach elaborately decorated in purple and white chrysanthemums, the Elks' colors. It was drawn by a sorrel and a white horse, driven tandem. In the bed of purple and white blossoms sat Miss Mable Bowen, the carnival queen, gowned in white, while above her at the rear was the driver, Joseph Murray, in a purple coachman's suit.

**In A Golden Surrey**  
Mesdames William Morris, H. M. Dedrick, C. M. Daniels and C. C. Devereaux rode in a double surrey brilliantly done in yellow golden glow with a yellow and purple canopy. This and the sunflower pony cart were the only rigs done all in natural flowers.

**Misses Fifield**  
Miss Helen Fifield drove the trap in which she and her sister, Miss Catherine, rode and which was daintily and artistically decorated in two shades of pink and white chrysanthemums.

**Auto In Purple**  
Dr. W. H. Palmer's automobile was elaborately decorated in three shades of purple and was occupied by Miss Marcia Jackman, who was the fair chauffeur, and Mrs. Lusk, of Fort Atkinson. Both ladies wore white gowns and white picture hats.

**White and Green**  
Miss Lizzie Schicker's horse and trap were especially dainty in decorations of white chrysanthemums and smilax, the green and white combination being heightened by a few nodding blossoms. Miss Schicker drove and was accompanied by Mrs. Harry Flower Martyn, of London, Eng.

**Red and Gold**  
Brilliantly stunning was the carriage which Miss Bess Wilcox drove. Deep red flowers were used, with a few dashes of yellow furnished by stalks of golden glow. Miss Wilcox was effectively gowned and Henry Carpenter in tan livery, rode with her.

**All in White**  
Another beautiful entry was the trap driven by Miss Mabel Jackman, who was accompanied by Mesdames F. H. Blodgett, A. L. McIntosh and Ralph Wheeler, of Chicago. Ladies and trap were all in white, making a beautiful picture.

**In Brilliant Colors**  
J. B. McLean's rig was one of the most elaborate and striking in the parade. It was done in red, white and yellow flowers and Mrs. McLean drove Miss Hallie Howard rode with her.

**Original Design**  
A unique entry was the trap in which Mrs. Malachi Fish, accompanied by her cousin, Miss Morefield, of Elkhorn, rode. The carriage was all in white and above the dash board were the Elks' clock and other emblems.

**Stanhope a Favorite**  
The entry which popular opinion declared should have won first prize was Aleck Russell's Stanhope. It was a perfect mass of flowers, different shades of red and white being used on the outside, while the interior was lined with pink. It was a stunning rig. Miss Emma Winans drove and Miss Gunther of Chicago, rode with her.

**Sunflower Cart**  
A pony cart done in sunflowers made a striking display. Ellis Echlin drove and his companion was Florence Doty of Edgerton.

The United States Express wagon and the Janesville Floral company's wagon, decorated, were followed by Shurtleff's goat cart and concluded the procession.

**Judge's Award**  
The judges awarded the first prize to the automobile and the second prize to Miss Lizzie Schicker. Honorable mention was given Mr. Russell's Stanhope.

## BROKEN WINDOW EASY FOR THIEVES

Holland's Display Window Is Looted by Light Fingert Gentle-men.

Some time Monday night some drunken revelers while engaged in a quarrel broke a light of glass out of P. J. Holland's show window on West Milwaukee street.

The parties that broke the window skipped out and the goods that Mr. Holland had in the window were left so that anyone passing by could grab them and carry them off.

**Window Cleaned Out**  
The next morning when Mr. Holland arrived at the shop he found his show window cleaned out. He said he lost 25 pairs of rubber heels, an awl and a quantity of leather, a package of Whitmore polish and some other goods valued at about \$20.

**Knows Parties**  
Mr. Holland is satisfied that he knows who the parties are that broke the window and unless something is done about making good his loss he will make trouble for them.

## WILLIE BERGH'S FATHER IS HERE

### HIS MOTHER IS HEARTBROKEN

The Boy Had Never Been Bad or Dishonest Before This Act.

Nicholas Schenck arrived from Lodi this morning with his team which was stolen last Saturday afternoon by Willie Bergh.

The horses were in fair condition and did not show the effects of their long drive in a marked degree.

Mr. Bergh, of North Branch, Minn., the father of the boy who took the team, arrived in the city this morning in response to a telegram notifying him of the boy's trouble.

**Father Broken Hearted**  
He was broken hearted over the boy's act and said he could not account for his doing such a thing. The boy had always been honest about home and he did not remember of his ever telling him an untruth. He never had any idea that the boy was dissatisfied with staying with his aunt or he would have taken him home before this.

**Was To Go To School**  
He and the boy's mother had made arrangements to send Willie to a military school this fall where he would get a thorough education. Mr. Bergh visited his boy at the jail and both were much affected at the meeting. The boy's mother is prostrated with grief over the occurrence and is quite dangerously sick.

**Wants A Settlement**  
Mr. Bergh is making an effort to see if he cannot reach a settlement with Mr. Schenck so that the boy can be let down easily. It appears that the boy did not realize what he had done and some allowance should be made for his age. His father is willing to do almost anything to get the boy out of the difficulty so that he can take him back home.

## TONA DUNLAP FREED OF MURDER CHARGE

Justice Doughty Decides That the Prosecution Shows No Motive for the Deed.

Aledo, Ill., Aug. 21.—Miss Tona Dunlap was discharged by Justice L. B. Doughty, after hearing the evidence brought against her on a charge of the murder of Miss Allie Dool on Aug. 7. Miss Dunlap was arrested and taken before Justice W. D. Emerson, but the defense asked a change of venue, and the case was heard by Justice Doughty. The state presented a number of witnesses to show how Miss Dool had died shortly after having eaten candy given her by Miss Dunlap, on the afternoon of Aug. 7, showing unmistakable symptoms of strychnine poisoning. It was also shown that Miss Dunlap had bought strychnine a few days before, stating that she wanted it to use on her corns. Dr. J. H. Patten, professor of chemistry in Rush Medical College, Chicago, who examined the stomach and the part of the chocolate drop left by Miss Dool, testified that there was strychnine in both the candy and the stomach.

The state did not attempt to show motive for the deed. The defense stated that the prosecution had not made a case sufficient to bind the defendant over to the grand jury, and offered neither evidence or argument. The court held that the defendant's attorneys were right, as no motive had been shown for the deed.

## WEDDING SCENE WAS THRILLING

ORFORDVILLE COUPLE MARRIED IN A DEN OF LIONS.

### AN EXHIBITION OF COURAGE

Bride Was Especially Plucky, But Groom Was Frightened—An Impressive Service.

Standing inside of an iron cage within a few feet of four crouching lions, while at either side stood Madame Barlow and Senor Arnaldo, with walps and revolvers in hand, Miss Marina Calvin, a plucky young woman from Orfordville, became the bride of Neils Swahn, an Orfordville farmer.

Last evening's wedding was certainly the most spectacular one ever held in the city and thousands of people sat breathless within the great tent until the ceremony was safely concluded and the wedding party was once more safely on the outer side of the locked iron door.

It was shortly after nine o'clock when the bride and groom left the Hotel Myers, where they had been entertained at supper, and drove in an open carriage through the closely packed streets.

The procession reached the Bostock's trained animal show tent, it was forced to wait until the conclusion of the performance then in progress. This proved a most trying ordeal for the young couple as they were the center of attraction for the immense crowd.

**A Mad Rush.**  
When the door was thrown open to the wedding guests there was a mad rush and scramble for seats.

The entire animal show was given in connection with the wedding, a performance by a trick bear preceding the ceremony. During this exhibition the bride and groom occupied seats outside the cage. The bride, who is an attractive and very sensible appearing young woman, paid no attention to the curious spectators and indeed she seemed perfectly unconscious of their presence.

**Groom Is Scared.**  
The groom was very nervous and it was plain that he was badly scared either by the notoriety or by his approaching visit in the lions' den. He wore an immense white, artificial flower in the coat lapel of his business suit. The bride wore a dark brown tailor made suit with a white waist, carried white flowers tied with white satin ribbon and a white artificial rose nestled in her dark hair.

Madame Barlow had considerable difficulty in inducing her four great lions to mount their pedestals, this being due to the fact that the pedestals had been changed from their accustomed places to the rear of the cage. Two of the beasts acted especially vicious and there were many in the audience who honestly feared that a tragedy was imminent.

This fear was increased by the fact that one of the lions became disturbed when the wedding party entered the cage. Hardly had Senor Arnaldo entered the cage with the bride and groom and Justice of the Peace Jesse Earle and snapped the barred door behind them, when this ugly beast jumped down from his pedestal and started to slink around to the front of the cage. Several women in the audience jumped from their seats and prepared to run from the tent. Hundreds of people held their breath for fear that some one of the strangers inside of the cage would become panic stricken, thus precipitating a tragedy.

**A Brave Trio**  
The party exhibited fine courage and nerve, the bride saying, "Don't run," in a low voice. While Madame Barlow was driving the lion back to its place, the party stood composedly with their backs to the beast.

**Novel Ceremony**  
The ceremony was certainly an impressive one and Justice Earle performed it beautifully, his calm serious manner adding greatly to the solemnity of the scene. The service was brief and the responses were given in a clear, low voice.

**Wedding Reception**  
A picture of the scene was taken and then the bridal party came out of the cage. Many people followed Mayor Richardson's example and pressed forward to extend congratulations. A reception was tendered to the newly married couple at the German village.

In addition to the \$400 in cash and furniture the bride insisted on a wedding supper and the wedding ring as a part of her perquisites of the exhibition and she further insisted on the delivery of the goods in advance.

## EXPERTS ARE HERE FROM WASHINGTON

Chief of the Bureau of Soils and an Assistant Visit Tobacco Fields.

Professor Milton Whitney, of Washington, D. C., chief of the bureau of soils and W. W. Cobey, of Suffolk, Ct., also an employee of this department are in the city for the purpose of testing the soils in different portions of the Wisconsin tobacco. This work is being done with the idea of starting a government experimental station in Wisconsin. If the conditions of the soil and the climate warrant the government in making the outlay. Prof. Whitney was quite favorably impressed with the country, although the samples of the soil secured so far do not indicate that the ground is of the best quality for shade grown tobacco. In most cases it is too rich and heavy. Shade grown tobacco does better in a light soil.

Professor Whitney and his assistants visited the Schnell farm on Milton avenue and the Heddles farm and inspected the growing crops.

The crop at the Schnell farm is ready for harvesting and work on it will be started today.

## NEWS OF A PERSONAL NATURE

Mr. Fred Mausfeld of Johnsons Creek is in town attending the carnival.

Mrs. Herman Kramer is home from a ten days visit at Waukesha.

F. W. Christman of Oshkosh is the guest of Mr. and Mrs. H. F. Carle.

Mrs. Henry C. Stearns of Platteville is the guest of local friends.

B. F. Romaine, special agent of the St. Paul road was in the city today.

Mrs. E. J. Carroll and son of Milwaukee are the guests of friends in this city.

Mrs. Robert Walker of Chicago is the guest of Mr. and Mrs. Colen C. MacLean.

J. C. Chadwick and wife of Monroe are the guests of Mr. and Mrs. D. W. Watt.

J. G. Hogan and son of Darlington were in the city last evening taking in the carnival.

P. J. O'Brien and James Cantillon of Chicago were in the city today and took in the carnival.

H. E. Carroll, trainmaster of the Janesville and Southeastern division of the St. Paul road was a visitor to the city today.

Mrs. E. O. Kimberley, who has been confined to her bed for the past ten days is now able to sit up a portion of the time.

Prof. Lucius W. Hoyt of Denver, Col., and Dr. Wilbur Hoyt of Paw Paw, Michigan, are the guests of their mother, Mrs. F. S. Eldred.

Miss Catherine Nelson of Madison and Miss Cora Riddell of Lodi are the guests of Mrs. Richard Kay, 253 Center avenue.

Pres. J. W. Bashford of the Wesleyan university of Ohio, accompanied by his brother, R. M. Bashford of Madison is in the city taking in the sights.

Mr. and Mrs. Charles Watson, Mrs. Theodore Potter, Mrs. Newton Moore, al of Ravenswood, Ill., and Miss Elizabeth Logue of Harvard, Ill., are the guests of Mrs. A. R. Talmadge.

Mrs. G. Morey and daughters, Miss Gertrude Esses and Miss Sophia Walters of Madison are visiting at the home of Mr. and Mrs. Jas. B. Nolan, 450 South Franklin street.

Rev. and Mrs. J. T. Henderson left yesterday on a vacation trip. They go to Detroit and will also visit Niagara Falls and other points of interest in the East.

P. C. Eldredge, superintendent of the Mineral point division of the St. Paul road; D. L. Bush, assistant general superintendent, and F. C. Gibson, superintendent of the Milwaukee division were in the city today on a tour of inspection.

**Wanted—Help at canning factory.** Inquire at office at factory. P. Hohenedel, Jr., Co., Janesville, Wis.

**Appleton Post:** While the Post doesn't believe in protection to multimillionaires, there doesn't happen to be any tariff on anthracite coal—the kind that is advancing by leaps and bounds. The tariff schedule as it stands needs revision all right enough, but it could be revised until doomsday without touching the anthracite coal trust.

## Police Notice.

No confetti throwing will allowed today or this evening until after 9 o'clock. This order will be strictly enforced. By order of JOHN W. HOGAN, Chief of Police.

## Confetti Throwing

will be all O. K. after 9 o'clock tonight. We have several barrel lots at 5cts. per package.

## Fresh Fish Tomorrow

## SPECIAL FRUIT DISPLAY THIS WEEK.

Dedrick Bros.

## CLEVER TRICKS DONE BY "BOZZIE"

FAMOUS DOG ENTERTAINS COMPANY AT HOTEL MYERS.

### SOME FEATS OF MINDREADING

George B. Clason, Owner of the Collie, is a Friend of H. D. McKinney.

George B. Clason, of Chicago, entertained a party of ladies and gentlemen last evening in the Myers House parlors with his celebrated educated collie dog Bozzie.

Bozzie is really a marvel and did all sorts of wonderful things for the party. She told the number of people in the audience, the number of ladies and the number of gentlemen and did many mind reading tricks.

Mr. Clason had a member of the party write a number which was 7 on a card. He retired to another room where Bozzie could not see him. The gentleman that held the card asked Bozzie what the number was. She looked at him a minute and then barked the correct number. This trick she performed several times. She also did tricks in addition, subtraction and division as fast as Mr. Clason could call off the numbers.

**Went To Washington**  
Bozzie is the animal that Mr. Clason took to Washington on the invitation of President Roosevelt and gave several exhibitions before the president and members of his family and invited guests. He also exhibited the dog before the members of the president's cabinet and a number of the justices of the supreme court.

**Pleased Roosevelt**  
President Roosevelt was so pleased with Bozzie that he gave Mr. Clason a very handsome silver mounted collar for her. Mr. Clason gave Kermit Roosevelt one of Bozzie's puppies that was partly broken and did a great many of its mother's tricks.

Mr. and Mrs. Clason are old friends of Mr. H. D. McKinney and were here on a visit as his guests.

## NEWS OF THE CITY IN BRIEF.

**Union Label Dance:** The Union Label League dance at Assembly hall last evening was a pronounced success. About seventy five couples were present and had an enjoyable time until about one o'clock.

**Big Excursion:** One of the largest excursions of the season passed through the city this morning at 10 o'clock over the Northwestern. It was made up at Clybourn Junction and was bound for Devil's Lake. The train consisted of ten coaches and a baggage car and had seventy-five excursionists on board.

Assistant Superintendent P. J. O'Brien of the Wisconsin division and Assistant Superintendent James Cantillon accompanied the excursion as far as this city.

Notice of General Election.

Rock County Clerk's Office,  
Janesville, Wis., Aug. 21, 1902.  
Notice is hereby given, that at a general election, to be held in the several towns, wards, villages and election districts in Rock county on the Tuesday succeeding the first Monday, being the 4th day of November, A. D. 1902, at which are to be elected the officers specified herein in accordance with the substance of a notice received from the Secretary of State.

A Governor, in place of Robert M. La Follette, whose term of office will expire on the first Monday of January, A. D. 1903.

A Lieutenant Governor, in place of Jesse Stone, deceased, whose term of office would have expired on the first Monday of January, A. D. 1903.

A Secretary of State, in place of William Froelich, whose term of office will expire on the first Monday of January, A. D. 1903.

A State Treasurer, in place of James O. Davidson, whose term of office will expire on the first Monday of January, A. D. 1903.

An Attorney General, in place of Emmett H. Hildesheim, whose term will expire on the first Monday of January, A. D. 1903.

A State Superintendent, in place of Lorenzo D. Harvey, whose term of office will expire on the first Monday of January, A. D. 1903.

A Railroad Commissioner, in place of Graham L. Rice, whose term of office will expire on the first Monday of January, A. D. 1903.

A Commissioner of Insurance, in place of Paul Giljohann, whose term of office will expire on the first Monday of January, A. D. 1903.

A Representative in Congress for First Congressional District, consisting of the counties of Racine, Kenosha, Walworth, Rock, Green and Lafayette.

A Member of Assembly for the First Assembly District of Rock county, consisting of the towns of Center, Fulton, Janesville, Lima, Milton, Magnolia, Port Clinton, Spring Valley, Union and the cities of Edgerton and Evansville.

A Member of Assembly for the Second Assembly District of Rock county, consisting of the towns of Bradford, Farmington, Johnson and La Prairie and the city of Janesville.

A Member of Assembly for the Third Assembly District of Rock county, consisting of the towns of Avon, Beloit, Clinton, Newark, Plymouth and Turtle Creek and the village of Clinton and the city of Beloit.

A County Clerk, in place of Frank P. Starr, whose term of office will expire on the first Monday of January, A. D. 1903.

A County Treasurer, in place of Miles Rice, whose term of office will expire on the first Monday of January, A. D. 1903.

A Sheriff, in place of Royal J. Matpress, whose term of office will expire on the first Monday of January, A. D. 1903.

A Coroner, in place of John R. Booth, whose term of office will expire on the first Monday of January, A. D. 1903.

A Clerk of the Circuit Court, in place of Theodore W. Goldin, whose term of office will expire on the first Monday of January, A. D. 1903.

A District Attorney, in place of William A. Jackson, whose term of office will expire on the first Monday of January, A. D. 1903.

A Register of Deeds, in place of Oscar D. Rogers, whose term of office will expire on the first Monday of January, A. D. 1903.

A Surveyor, in place of Charles V. Kereh, whose term of office will expire on the first Monday of January, A. D. 1903.

A Supt. of Schools, 1st Dist., in place of William M. Rose, whose term of office will expire on the first Monday of January, A. D. 1903.

A Supt. of Schools, 2d Dist., in place of David Thorne, whose term of office will expire on the first Monday of January, A. D. 1903.

According to section 1 of article XII, of the constitution of the State of Wisconsin, the following joint resolution, adopted by the legislature at the regular session of 1901, are made a part of the foregoing notice, to-wit:

(No. 23 A.)  
Joint Resolution No. 8.  
For the submission of an amendment to section 1 of article VII of the constitution relating to the justice of the supreme court.

Resolved, by the assembly, the senate concurring, that section 1 of article VII of the constitution be amended so as to read as follows: Section 1. The supreme court shall be composed of three justices, one of whom shall be a justice known as the chief justice, with the same terms of office of ten years respectively as now provided. The supreme court shall consist of seven justices, any four of whom shall be a quorum, to be elected as now provided, not more than one each year. The justice having been longest a continuous member of said court, or in case two or more such senior justices shall have served for the same length of time, then the one whose commission first expires, shall be ex-officio, the chief justice.

(No. 11 A.)  
Joint Resolution No. 11.  
Proposing an amendment to section 3 of article XI of the constitution of the State of Wisconsin, as amended by act of the people at the general election, November 3, 1891, relating to the indebtedness of municipal corporations.

Resolved, by the assembly, the senate concurring, that section 3 of article XI of the constitution be amended by inserting after the word "years" in the last line of said section as printed in the statutes of 1898, the following words: "or, if a city containing a population of more than twenty-five thousand according to the last state or federal census taken before such debt is contracted, within five years," so that when amended, said section 3 of article XI shall read as follows: Section 3. It shall be the duty of the legislature and they are hereby empowered, to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessment and taxation, and in contracting debts by such municipal corporations. No city, village, town, village, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to any amount, including existing indebtedness, in the aggregate, in excess of one per centum on the value of taxable property therein, to be ascertained by the last assessment for city and county taxes previous to the incurring of such indebtedness. Any city, village, town, village, school district or other municipal corporation incurring any indebtedness as aforesaid, shall, before or at the time of doing so, provide for the collection of a direct annual tax, sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years, or, if a city containing a population of more than twenty-five thousand according to the last state or federal census taken before such debt is contracted, within fifty years, from the time of contracting the same.

(No. 28 S.)  
Joint Resolution No. 12.  
Providing for an amendment to section 21, article IV of the constitution and for separate county government in certain counties.

Resolved, by the senate, the assembly concurring, that section 21, article IV of the constitution of the State of Wisconsin, be amended by adding at the end of thereof the following: "Provided, that counties which contain an incorporated city of more than one hundred thousand inhabitants, the legislature may establish a separate system of county government" so that when amended said section will read as follows: Section 21. The legislature shall establish but one system of town and county government, which shall be as nearly uniform as practicable; provided, that in counties which contain an incorporated city of more than one hundred thousand inhabitants, the legislature may establish a separate system of county government.

Notice is further given that at said general election the following propositions are to be submitted to the people in pursuance of the requirements of chapters 73, 258 and 437 of the laws of 1901, which said chapters read as follows:

No. 105, S. (Published March 20, 1901, Chapter 73.)  
An act to submit to the people an amendment to article XI of the constitution of the state of Wisconsin, giving the legislature power to pass a general banking law.

Whereas, At the biennial session of the legislature of the state of Wisconsin for the year 1899, a joint resolution was passed proposing an amendment to article XI of the constitution of the state of Wisconsin, giving the legislature power to pass a general banking law, which was agreed to by a majority of the members elected to each of the two houses, and approved April twentieth, 1899, which proposed amendment was in the following language:

Resolved, by the assembly, the senate concurring, that article XI of the constitution of the state of Wisconsin be and is hereby amended, by substituting for sections 1 and 2 thereof, a new section to be known as section 4 and reading as follows:

Section 4. The legislature shall have power to enact a general banking law for the creation of banks, and for the regulation and supervision of the banking business, provided that the vote of two-thirds of all the members elected to each house, to be taken by yeas and nays, be in favor of the passage of such law.

The people of the state of Wisconsin represent in senate and assembly do enact as follows:

Section 1. The foregoing proposed amendment to the constitution of the state of Wisconsin shall be submitted to a vote of the people of this state in the manner now provided by law for the submission of proposed amendments at the next general election November, 1902.

Section 2. This act shall take effect and be in force from and after its passage and publication.

Approved March 23, 1901.  
No. 290, S. (Published May 4, 1901, Chapter 258.)  
An act to submit to the people an amendment to section 1, of article 10 of the constitution of the state of Wisconsin relating to election law.

Whereas, At the biennial session of the legislature of Wisconsin for the year 1899, an amendment to the constitution of the state was proposed and agreed to by a majority of the members elected to each of the two houses, which proposed amendment was in the following language:

Resolved, by the senate, the assembly concurring, that section 1 of article 10 of the constitution of the state of Wisconsin be amended so as to read as follows:

Section 1. The supervision of public instruction shall be vested in a state superintendent and such other officers as the legislature shall direct; and their qualifications, powers, duties and compensation shall be prescribed by law.

The state superintendent shall be chosen by the qualified electors of the state at the same time and in the same manner as members of the supreme court, and shall hold his office four years from the succeeding first Monday in July. The state superintendent chosen at the general election in November, 1902, shall hold and continue in his office until the first Monday in July, 1905, and his successor shall be chosen at the time of the biennial election in April, 1905. The term of office, time and manner of election or appointing all the other officers of supervision of public instruction shall be fixed by law.

And, Whereas the foregoing proposed amendment to the constitution of the state of Wisconsin shall be submitted to a vote of the people of this state in the manner now provided by law for the submission of proposed amendments at the next general election November, 1902.

Section 2. This act shall take effect and be in force from and after its passage and publication. Approved May 2, 1901.  
No. 158, A. (Published May 22, 1901, Chapter 437.)  
An act to submit to the people an amendment to article XIII of the constitution of the state of Wisconsin to prohibit the press system.

Whereas, At the biennial session of the legislature of this state in the year 1899 an amendment to the constitution of this state was proposed and agreed to by a majority of the members elected to each of the two houses, which amendment was in the following language:

Resolved, by the assembly, the senate concurring, that article XIII of the constitution be amended by adding a new section, to be numbered and to read as follows: Section 11. No person, association, partnership, or corporation shall promise, offer or give, for any purpose, to any political committee, or any member or employee thereof, or any candidate for, or incumbent of any office or position under the constitution or laws, or under any ordinance of any town or municipality, of this state, or to any person at the request or for the advantage of all or any of them, any free pass or privilege for traveling accommodations or transportation of any person or property, or the transmission of any message or communication.

No political committee, and no member or employee thereof, no candidate for and no incumbent of any office or position under the constitution or laws, or under any ordinance of any town or municipality, shall ask for, or accept, from any person, association, partnership or corporation or use, in any manner, for any purpose, any free pass or privilege, or any traveling accommodations or transportation of any person or property, or the transmission of any message or communication.

Any violation of any of the above provisions shall be a crime, and be punished as provided by law, and if any officer or member of the legislature be guilty thereof, his office shall become vacant.

No person within the purview of this act shall be privileged from testifying in relation to anything therein prohibited; and no person having so testified shall be liable to any prosecution or punishment for any offense connected with the act required to give his testimony or produce any documentary evidence.

The railroad commissioner and his deputy in the discharge of their duty excepted from the provisions of this amendment.

Whereas, the foregoing proposed amendment to the constitution of the state was duly ratified, and agreed to by the legislature at the biennial session in 1901, by a majority of all the members elected to each house, therefore:

The people of the state of Wisconsin represent in senate and assembly do enact as follows:

Section 1. The foregoing proposed amendment to the constitution of this state shall be submitted to the people at a general election to be held on Tuesday succeeding the first Monday of November, 1902, and if the people shall approve and ratify the said amendment by a majority of the electors voting thereon, the amendment shall become a part of the constitution of this state.

Section 2. The form of the ballot to be cast on the question of adopting or rejecting said amendment shall be "For the amendment to prohibit the press system." Opposite said words shall be two spaces over one of which shall be printed the word "yes" and over the other the word "no." The space under whichever of said words indicates his intention. The marks made shall be such as the law now provides for. Said form of ballot shall be printed upon the ballot to be voted at such election after the names of the candidates and separated therefrom by an appropriate line or rule. The votes cast on the adoption of said amendment shall be counted and returned in the same time and manner as other votes cast at such election, and the result shall be determined and published in the manner provided by law.

Section 3. This act shall take effect and be in force, from and after its passage and publication.

Approved May 14, 1901.  
F. P. STATH,  
County Clerk.

Miss Chayer and Mrs. Frank Ransom of Fond du Lac are the guests of Landlord and Mrs. E. C. Johnson of the Hotel Myers.

**RELIEF MUST COME FROM THE OWNERS**  
**IN REPLY TO MINISTER'S PLEA**

Divine Right to the Mines is the Answer Sent by President Baer to an Appeal for a Settlement From a Religious Standpoint.

Wilkesbarre, Pa., Aug. 21.—The "divine right" of operators is the keynote of the reply sent by President Baer of the Philadelphia and Reading company to a letter written by W. F. Clark of this city, appealing from a religious standpoint, for the settlement of the strike. President Baer's letter was, in part, as follows:

"I do not know who you are. I see that you are a religious man, but you are evidently biased in favor of the right of the workman to control a business in which he has no other interest than to secure fair wages for the work he does. I beg of you not to be discouraged. The rights and interests of the laboring man will be protected and cared for, not by the labor agitators, but by the Christian men to whom God, in his infinite wisdom, has given control of the property interests of the country and upon the successful management of which so much depends.

**The Lord Still Reigns.**  
"Do not be discouraged. Pray earnestly that right may triumph, always remembering that the Lord God omnipotent still reigns and that his reign is one of the law and order and not of violence and crime."  
Mr. Clark, in his letter of appeal, is written as follows:

"While it is true the strike is not a religious matter, yet it is possible to take Christ into all our business affairs, and by so doing we have nothing to lose, and everything to gain. There is no doubt that both sides feel oppressed, but of operators would take Christ in their business and laborers would take Christ in their unions, this oppression would soon disappear, and each would consider the other a brother, for, indeed, such we are in Christ Jesus."

**Two Plants in Operation.**  
The Warlike washery at Duryea, under a strong guard, was kept in operation, and the Maltby breaker of the Lehigh Valley Coal Company prepared a lot of coal which had already been mined for the market.

At strike headquarters it is claimed that the output of coal at the washery was small and that fifty or sixty special officers were required to protect the few men employed at the place. Nothing was known at strike headquarters about the Lehigh Valley Coal company running coal through its breaker.

**TRIES ANTITOXIN ON HOGS**  
**Indiana Man Experiments With a Cure for Porcine Cholera.**  
Cambridge City, Ind., Aug. 21.—Fred Kemmer, a veterinarian, has made public the result of experiments with a new virus, which it is claimed not only will cure hog cholera, but will make the animal immune. For ten days Kemmer has been vaccinating hogs afflicted with the disease and the experiments have been entirely successful. He has not lost an animal. Concerning the remedy, Kemmer says it is not a vaccine, but an antitoxin made from cholera germs that are first dried, then pulverized. The liquid is made from the powder. From three to ten drops are injected into one of the hind legs of the animal. Kemmer says the meat of the hogs is not affected by the treatment.

**Asks Guardian for Millionaire.**  
Zanesville, O., Aug. 21.—Mrs. Ethel Granger Schultz filed an application in the probate court for the appointment of a guardian for her husband, William D. Schultz, the millionaire soap manufacturer, to whom she was married a year ago, alleging insanity. The estate is valued at \$3,000,000.

**Boy Stolen by Gypsies.**  
Vincennes, Ind., Aug. 21.—A band of gypsies stole an eight-year-old son of G. H. McIntyre. The sheriff and two deputies are in pursuit of the gypsies, who were moving southward when last seen.

**Mad Dog Bites Six.**  
Elgin, Ill., Aug. 21.—After several days' chase a mad dog with a record of biting six people, was shot. Two canines which the dog bit several days ago were killed because they began to show signs of rabies.

**Too fast for the Shah.**  
London, Aug. 21.—The Shah of Persia started on a train to meet King Edward at Portsmouth. He stopped the train ten miles out, declaring it was going too fast, though only twenty miles an hour.

**Kenosha Bank is Assured.**  
Kenosha, Wis., Aug. 21.—The last step necessary for the organization of the Kenosha State bank was completed when State Bank Examiner Bergh of Madison approved the articles of organization.

**Sixth Fire Victim Dies.**  
New York, Aug. 21.—Moses Rosenberg, 21-2 years old, died from burns making the sixth death that resulted from the fire that swept through the double tenement at 35 Essex street.

**New York World:** Joseph Chamberlain will carry to his grave the bad scar on the forehead which he received in his late cab accident. It must seem hard to come unscathed through the Boer war and then receive a battle scar from a hansom smash-up.

**WATERTOWN MYSTERY GROWS**  
**Man Thought to Have Been Burned to Death Returns.**  
Watertown, Wis., Aug. 21.—Reinhold Oestrich, supposed to have been cremated in the house which burned Aug. 15 has returned from La Crosse. He said that he discovered the place on fire and was compelled to jump through a window to escape. Then he took a train for La Crosse. He does not throw any light on the mystery of the bones found in the ruins.

**Damage to Austrian Crops.**  
Vienna, Aug. 21.—Heavy rainstorms in lower Austria and Bohemia have resulted in severe damage to crops. The River Etsch overflowed its banks at Meran in southern Tyrol, and caused the collapse of a house, with a result that two persons were killed and eight seriously injured.

**Alger Seeks Senatorship.**  
Detroit, Mich., Aug. 21.—Russell A. Alger has announced himself a candidate for the United States senate to succeed the late Senator James McMillan. He will not seek the appointment to fill the unexpired term, but will be a candidate before the legislature.

**Nominated for Congress.**  
20th Illinois....Henry T. Rainey (D.)  
1st Iowa.....John E. Craig (D.)  
2d Iowa.....William Hoffman (R.)  
3d Mississippi...B. G. Humphreys (D.)  
4th Mississippi...W. Shedd Hill (D.)  
3d Texas.....J. Gordon Russell (D.)  
4th Texas.....C. B. Randall (D.)

**Boy Killed by Cave-in.**  
Golden, Colo., Aug. 21.—Seven boys from six to fourteen years, were digging what they called a mine in an abandoned clay bank when the bank caved in. Perry Bentson, aged 10, was killed and the others all more or less injured.

**Wants Officials to Wed.**  
Holyoke, Mass., Aug. 21.—Alderman O'Leary, father of eleven children, proposes to encourage matrimony by compelling all high salaried city officials to marry. Only those bachelors who receive less than \$700 will escape.

**Drowns While Fishing.**  
Fort Williams, Ont., Aug. 21.—Erskine Andrews of Chicago was drowned in Lake Nipigon, sixty miles east of here. The young man and his father were capsized in a canoe while fishing. The father was rescued.

**Death of Chinese Reformer.**  
Shanghai, Aug. 21.—It is learned that Wang-Chia Chun, the new governor of Kwankai, has received secret instructions from the empress dowager to secure the death of the reformer Kung-Yu-Wel.

## "Out of Sorts."

Nothing tastes good. Nothing gives pleasure. The mind is dull and sluggish. The will is weak. Little things cause great irritation. What's the matter? The probabilities are that the stomach is deranged and the liver involved.

Dr. Pierce's Golden Medical Discovery makes a man who is run down and dispirited feel like a new being. It cures diseases of the stomach and other organs of digestion and nutrition, stirs the sluggish liver into action, and increases the activity of the blood-making glands, so that there is an abundant supply of pure, rich blood.

Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again. The first chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellet' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## DAILY CARNIVAL NEWS

### CARNIVAL NOTES

**The Best of the Tent Shows**  
The statue turning to life is both beautiful and wonderful. The old legend of Pygmalion and Galatea is brought up-to-date in this exhibition. The illusion is perfect. The cold lifeless, yet beautiful statue, white marble against a sombre background, slowly takes on the rosy tints of flesh and blood, and Mrs. Morris, charming in face and figure, stands revealed. There is no dimness or mysterious darkness, but in the full glare the flesh tints fade into marble again.

The companion illusion, Tribby, is a bit of graceful posing with no visible means of support. Next door is Lunette the flying lady. A girl of 17, with flying hair and dressed in clinging white, is introduced. She looks around the audience, almost as if in appeal, but quickly succumbs to the manipulations of the hypnotist, and then, to the astonishment of the witnesses, slowly rises, sinks, soars right and left, up, down, in various lines, until at the command of the operator she awakes again, the beautiful girl seemingly unconscious of her thrilling experience. Both these astounding performances are varied by the introduction of a number of new moving pictures.

**Trained Animals**  
The trained animal exhibition located on Franklin street, near the site of the new post office, is the center of interest so far. It is a truly wonderful show and one rarely seen, even the large circus organizations have nothing like it. To see ferocious lions, panthers and leopards handled and made to perform like cats and dogs is a sight not often accorded the public. It is a highly moral performance, in fact is the best past time for women and children and is being crowded every exhibition. Remember the location, on Franklin street.

**Jokers Beware**  
Chief of Police Hogan announces that anyone throwing flour, bran, corn, ink, lamp black, or in fact anything but confetti paper this evening will be arrested. The merry makers are asked to confine themselves strictly to this and not to go beyond the bounds of common decency.

**Confetti Notice**  
No confetti throwing will be allowed today or this evening until after nine o'clock. This order will be strictly enforced. By order of,  
JOHN W. HOGAN,  
Chief of Police.

**Groves Arrested**  
Mayor E. W. Groves of Madison took in the carnival yesterday and received a ride in the Elks' patrol wagon.

Douglas county has made a claim to the state board that their assessment is too high.

### MORE PAY IS OFFERED TO THE GLASSWORKERS

Counter Proposition Made by National Company to the Representatives of the Union.

Pittsburg, Pa., Aug. 21.—After an all-day conference between representatives of the National Glass Company and the American Flint Glassworkers' union an agreement was reached which will probably prevent a strike in the table glassware factories of the country. The conference was on the punch tumbler branch of the industry.

The workers demand an increase of 10 per cent, but the manufacturers made a compromise proposition which President Volte finally agreed to submit to his members. Mr. Volte would not tell the conditions of the proposition, but said he considered it a good one and believed his union would accept it.

From D. C. Carlo, who represented the National Glass Company, it was learned that the manufacturers offered an advance of 5 per cent, restoring the wages which were in effect before the panic in 1893, when a general reduction took place.

### EIGHTY-SIX MURDERS CHARGED TO WOMAN

Twenty-two and Pretty, She Leads Desperate Gang of Bandits and Commits Atrocious Crimes.

Bucharest, Aug. 21.—A gang of desperadoes has been run to earth near Jassy, the leader of which is a woman about 22 and very handsome. For weeks past these robbers have been terrorizing the villages of northern Roumania, several houses having been attacked at night and pillaged. In cases where the people showed resistance they were murdered. The woman is held responsible for many particularly atrocious crimes. She frequently had victims tortured and put to death before her. The authorities credit her with 86 murders, 196 other crimes of violence and 645 cases of plundering and robbery. A reward was offered for her capture.

**Illiteracy Among Immigrants.**  
The immigrants arriving now have a low rate of illiteracy. Last year 62 per cent of the adult Syrians who landed at the port of New York could neither read nor write. The rate of illiteracy among southern Italians was 55 per cent, and among the Greek immigrants 21 per cent. Among the Polish immigrants it was 31.
